Drewsville, N. H.—"My daughter was anaemic, had poor blood and suffered from indigestion and billious attacks. As Vinol had built up my son some time ago, I gave it to my daughter—she soon improved in health, and it has built her up and restored her health, "—Mrs. N. Burnell.

The reason Vinol was so successful in Miss Burnell's case is because it contains beef and cod liver peptones, iron and manganese peptonates and glycerophosphates, the very elements needed to build up a weakened, rundown system, make rich red blood and create strength. Every once in a while the scene showed that the tanks had swerved off the road for a piece, "traversing the fields, and there, sure enough, in the road the fresh earth showed a large hole had been recently filled in. I saw a squad of doughboys filling in one of these traps.

The letters indicated the low morale of the enemy troops, not by their mere complaints and lack of sufficient rations and bombardments to which they were continually exposed, but in observations concerning the course of the war and the American aid—Germans in war and the American aid—Germans in the trenches are not fooled by Luden-dorff's communications about the un-importance of the efforts of the United
